SKILLS

- Data Analysis
- Python
- mySQL
- Power BI
- Excel
- Interpersonal Skills
- Teamwork
- Presentation Skill

PROJECTS

- COVID-19 statistics
- Analyzing Spotify
- Sports Statistics
- Social Media Analysis
- Hotel Booking
- Awesome Chocolate

PROFILE

I am a third-year Software Engineering student with a strong foundation in data analysis, database management, and data visualization. I am proficient in Python, mySQL, Power BI, and Excel, and possess advanced skills in using these tools for data manipulation, analysis, and reporting. My interpersonal skills enable me to effectively communicate and collaborate with team members and stakeholders, while my teamwork and presentation skills ensure that I can contribute to and lead group projects successfully. I am eager to apply my academic knowledge and technical expertise in practical settings to drive organizational goals and innovations.

I combine strong technical skills with effective communication and teamwork, excelling in collaborative environments. I am passionate about engaging in innovative projects that challenge and expand the possibilities of technology.

CERTIFICATIONS

1) Introduction to SQL

Simplilearn (SkillUp) | [20/6/2024]

Dived into core concepts of MySQL built-in function, explored the power of joins, subqueries and PostgreSQL.

2) Business Analytics with Excel

Simplilearn (SkillUp) | [14/6/2024]

Learnt the core concepts of cleaning data, removing data duplication and creating interactive dashboards.

3) **Introduction to Data Analytics**

Simplilearn (SkillUp) | [14/6/2024]

Foundational knowledge in data Analytics concepts, data preprocessing, and data visualization.

4) PowerBI for Beginners

Simplilearn (SkillUp) | [14/6/2024]

Learnt the core concepts of Data Visualization, Creating interactive Dashboards.
